Next week there will be a Madrigal Feast with a buffet. Friday there is a retirement party for Dr. Yee from 3 to 5 at Macy Center. The Charity Bear is up and collecting a lot of donations. The canned food drive is also going well.

All TCC complaints are being collected by the VP. He will issue them all together.
Camden: Camden will talk about the problems later on in the agenda.
 - CFO
There will be special Office hours during final weeks to get reimbursements done.
 - SATD
Applause for Dr. Yee. On to more serious matters...
There are reports that the bands that came down from Albuquerque and the Rocky Horror Picture Show are responsible for alcohol abuse during their event as well as during the RHPS. Newton didn't know the alcohol policies at the SAC.
 - Dr Yee
She is retiring and invites all to her party. She presented a gift of pocket watches for those Senators with an ending term and Officers.

TCC problems are being dealt with. They don't have a backup power systems like most offices.. Power failures are critical for them. They are looking into getting a backup system. This happened at a bad part of the year and she does apologize for the problems.

6. New Business

- New Meeting Date:

16th January first day of school. We need to make it more convenient for the faculty advisers. Sam and Rodger have conflicts with attending the first meeting.

The 1st meeting will be January 23, first Tuesday after we get pack, at the Workman 101 at 9pm

Connor motions. Passes by General Consent.

- Brad and Nick need to work over break. Their contracts should be extended over the break. It is beneficial because they can get paid during this. Contracts not looked over by Finance committee. Not changed. Paychecks would be less but they wouldn't be paid any more if their contracts were extended.

Brad: He now thinks the money is small and they don't care.

Nothing should be done.

Access is more important.

No motion.

- TCC Issues

A controller card died that controlled 6 hard drives but the information was backed up on tape. They will be restoring the lost files from tape backup. They will be slowly restoring it this week. Email is part of this account. Lost emails will be tracked down. If your data needs to be backed up sooner it can be put in the front of the queue. It should take no longer than a week. There was a problem with the backup power supply. Line conditioners and power supply were not being used. Problems need to be taken to the upper level administration, not the TCC.

Daniel: Are there currently steps in place to change them?

There is currently plan of action in place.

The TCC is not one of the highest priorities on campus.

VP: Resolution should be written.

Sam: Money issues?

Dr Yee: Academic affairs believe the TCC needs to be a higher priorities.
