

## TWO STEP PROCESS FOR ACCESS TO OnePetro

For users who are accessing OnePetro via domain validation, here are some quick instructions.

**STEP 1. Create a login on OnePetro** ( [www.onepetro.org](http://www.onepetro.org) ). This can be the same login/password as the one you use for spe.org, but you must create a new account for OnePetro.

1. Go to [www.onepetro.org](http://www.onepetro.org)
2. Click on the Login in the upper right corner of the webpage
3. Select “New user registration”
4. Enter the email address you wish to use as your login
5. Fill out the required fields on the profile page (zip is required for US addresses)
6. If you are an SPE member you can enter your SPE.org login/password on the Membership page. *[Please note that this is actually not necessary for us—LizB]*

**STEP 2. Go to:**

<http://www.onepetro.org/mslib/protected/entitlement/RequestEntitlement.jsp> (OnePetro login required)

1. Enter your university/company email address.
2. Go to your university/company email inbox, there will be a confirmation email. Click the link in the email.
3. The link will take you back to a webpage on OnePetro that validates your email address (login required).
4. You will get another confirmation email stating you have successfully registered your email and can now begin using the university/company subscription.

When accessing papers:

1. Login (with your OnePetro Login). [Important first step!]
2. You will now see a link to the PDF for all SPE papers.
