Faculty Position in Petroleum Engineering

The Petroleum and Natural Gas Engineering Department at New Mexico Institute of Mining and Technology invites applications for a tenure-track faculty position at the assistant or associate professor level.

Candidates must have a Ph.D. degree in Petroleum Engineering or a closely related discipline and demonstrate expertise through scholarly publications, research and/or work experience. Evidence of teaching excellence, good communication skills and participation in professional activities will be considered in the selection process.

The successful candidate will be expected to teach undergraduate and graduate courses and demonstrate the potential to develop research projects and supervise graduate students. It is anticipated the candidate will obtain external research funding and continue to publish scholarly work. Ability to conduct research and teach in areas of formation evaluation, reservoir characterization and simulation is desired.

Interested candidates should submit a resume, copies of transcripts, statements of research and teaching philosophies, and three references to: New Mexico Institute of Mining and Technology, Human Resources, 801 Leroy Pl., Brown Hall Box 022, Socorro, NM 87801. The selection process will begin immediately and continue until the position is filled. Questions regarding the position may be directed to Dr. Thomas W. Engler (email: engler@nmt.edu). New Mexico Institute of Mining and Technology is an Equal Opportunity/Affirmative Action Employer. Women and minorities are especially encouraged to apply. For further information about New Mexico Tech and Socorro, NM go to our website at www.nmt.edu
