**FIDEL CENTER GRAND OPENING:**
--Fidel Center's Grand Opening for students, faculty, staff, and community is set for Aug. 21 - Sept. 1. Fun, games, prizes, treats! Come explore our lovely new building! Everyone is welcome. Schedule will be published soon.

SPEND A WEEK ON MARS (IN UTAH):

--NASA is now accepting applications for Spaceward Bound -- a one or two-week student training and research mission to the Mars Desert Research Station (MDRS) in Utah. Of the crews that will be sent, many of the next generation of moon walkers, and the first Mars walkers, are sitting in universities and graduate research labs right now. Crew members will be expected to plan all aspects of the expedition, including learning how to get along "off the grid." There will be four two-week expeditions mounted in March and April and two one-week expeditions in October 2006.

Applications are being sought for 24 crewmember positions: anyone majoring in an engineering or scientific field is welcome to apply. This program is open to all US citizens who are currently enrolled in a degree granting college or university program. Preference will be for people with field research experience or a demonstrated comfort in being in a rugged environment.

For details, see http://quest.nasa.gov/projects/spacewardbound/students.html

INTERNATIONAL FLAGS:

--The flags flying in front of Fidel Center represent the many countries that have students attending New Mexico Tech. The United States flag flies daily in front of Brown Hall. Through July 16, the flags represent: Pakistan, Nigeria, Turkey, Russia, Germany, and Peru. From July 17 through Aug. 13, the flags flying will represent Morocco, Vietnam, Iran, Czech Republic, Cameroon, and Poland.
