For events further in the future, see the New Mexico Tech Calendar, http://infohost.nmt.edu/mainpage/calendar/mastercal.html
SCOPE Notices

MUMPS AND MEASLES:

--Several states in the Midwest have had outbreaks of mumps and measles in the past few months. It is expected that these viruses may spread with the return of students to campuses in the fall.

--The Student Health Center recommends that everyone in the Tech community review their immunization status. Persons who have actually had these diseases are considered immune (usually, people born before 1957). The Health Center will offer, free of charge, MMR (measles, mumps, and rubella) vaccine to persons without evidence of adequate immunity. If you have not had the diseases or are not sure about your immunity status, please contact the Health Center at 835-5094. They need to know how much vaccine to order.

HUMAN RESOURCES HAS MOVED:

--Human Resources has moved to the office in Brown Hall that used to be occupied by the Admission Office (north end of main floor). Phone numbers and email remain the same.

HOUSE ON TECH HILL:

--1218 South Drive is for sale. Please contact Hai Xiao and Ming Luo at (505) 838-2053.

--SCOPE advertises ONLY houses on Tech Hill for sale. Since New Mexico Tech owns the land under the houses on Tech Hill, state law requires us to offer these houses for sale to the Tech community (and NRAO) before they are made available to the general public.

--SCOPE does not advertise any other houses for sale or rent. SCOPE is not allowed to compete with the private businesses that sell houses and sell advertising.

FIDEL CENTER GRAND OPENING:

--Fidel Center's Grand Opening for students, faculty, staff, and community is set for Aug. 21 - Sept. 1. Fun, games, prizes, treats! Come explore our lovely new building! Everyone is welcome. Schedule will be published soon.
SPEND A WEEK ON MARS (IN UTAH):

--NASA is now accepting applications for Spaceward Bound -- a one or two-week student training and research mission to the Mars Desert Research Station (MDRS) in Utah. Of the crews that will be sent, many of the next generation of moon walkers, and the first Mars walkers, are sitting in universities and graduate research labs right now. Crew members will be expected to plan all aspects of the expedition, including learning how to get along "off the grid." There will be four two-week expeditions mounted in March and April and two one-week expeditions in October 2006.

--Applications are being sought for 24 crewmember positions: anyone majoring in an engineering or scientific field is welcome to apply. This program is open to all US citizens who are currently enrolled in a degree granting college or university program. Preference will be for people with field research experience or a demonstrated comfort in being in a rugged environment.

For details, see http://quest.nasa.gov/projects/spacewardbound/students.html

INTERNATIONAL FLAGS:

--The flags flying in front of Fidel Center represent the many countries that have students attending New Mexico Tech. From July 17 through Aug. 13, the flags represent Morocco, Vietnam, Iran, Czech Republic, Cameroon, and Poland. The United States flag flies daily in front of Brown Hall.

FACILITIES MANAGEMENT CONSTRUCTION UPDATE:

--Updated July 20.

SUB demolition has begun. The area will be landscaped, but not until after work has been done on the hot water loop in the area.

Cramer Hall Renovation: Permanent Certificate of Occupancy has been secured. Punch list items are being completed. Departments have begun moving in.

Fidel Center: Permanent Certificate of Occupancy secured.

Hail Damage Repair: Pending projects are MetTop, Core shed skylight

Magdalena Ridge Observatory

- Road Maintenance and upgrade - the road is maintained to provide continued drivability and safe conditions. Maintenance is performed continually.
- Utility Trench Construction
• Single Telescope Building Construction
